

# MATERIAL SAFETY DATA SHEET

## Section 1. Chemical Product and Company Identification

Product Name: **OneMinute<sup>®</sup> Western Blot Stripping Buffer**

Catalog Numbers: GM6001, GM6002

Company Name & Address:

GM Biosciences, Inc  
5350 Partners Ct., Suite C  
Frederick, MD 21703  
USA  
Tel: 240-595-9177  
Fax: 301-378-2862

**Use of the substance/preparation:** Refer to the instruction for proper and intended use. Otherwise, contact supplier for specific applications

## Section 2. Composition, Information on Ingredients

### Description

Water solutions of components listed.  
Volume of each product package varies: 20-500 ml.

### Components in Water Reagent

### Concentration, %

Component 1	0.01-2
Component 2	0.01-5
Component 3	0.01-5

## Section 3. Hazards Identification

### Emergency Overview

Danger!

CAUSES RESPIRATORY TRACT, EYE AND SKIN BURNS.

CONTAINS MATERIAL WHICH CAUSES DAMAGE TO THE FOLLOWING ORGANS:

RESPIRATORY TRACT, SKIN, EYES.

MAY BE HARMFUL IF ABSORBED THROUGH SKIN OR IF SWALLOWED.

Do not ingest. Do not get in eyes, on skin or clothing. Do not breathe vapor or mist. Keep container closed. Use only with adequate ventilation. Wash thoroughly after handling.

### Primary Routes of Entry

Skin or Eye contact from splashes. Inhalation of the vapor. Ingestion.

*Eyes contact*

Corrosive to eyes.

*Skin contact*

Harmful in contact with skin. Corrosive to the skin.

*Inhalation*

Corrosive to the respiratory system.

*Ingestion*

Harmful if swallowed. May cause burns to mouth, throat and gastrointestinal tract.

### Medical Condition Aggravated by Overexposures

Repeated or prolonged contact with spray mist may produce chronic eye irritation and severe skin irritation. Repeated or prolonged exposure to spray mist may produce respiratory tract irritation leading to frequent attacks of bronchial infection. Repeated exposure to a highly toxic material may produce general deterioration of health by an accumulation in one or many human organs.

**Over Exposure Signs/Symptoms** Not available.

## Section 4. First Aid Measures

**Notice to Reader** Get immediate medical attention.

### Inhalation Exposure

If inhaled, remove to fresh air. If breathing becomes difficult, Get medical attention.

### Ingestion Exposure

If swallowed, wash out mouth with water provided person is conscious. Get medical attention. Do NOT induce vomiting unless directed to do so by medical personnel.

### Skin Exposure

In case of skin contact, immediately flush with copious amounts of water for at least 15

minutes. Remove contaminated clothing and shoes. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention.

#### **Eye Exposure**

In case of contact with eyes, immediately flush with copious amounts of water for at least 15 minutes. Assure adequate flushing by separating the eyelids with fingers. Get medical attention.

---

## **Section 5. Fire Fighting Measures**

**Flash Points** N/A

**Autoignition Temp** N/A

**Flammability** N/A

#### **Extinguishing Media**

Suitable: For small (incipient) fires, use media such as foam, dry chemical, or carbon dioxide. For large fires, use media such as foam, dry chemical, carbon dioxide or water.

#### **Fire Fighting**

Protective Equipment: Wear self-contained breathing apparatus and protective clothing to prevent contact with skin and eyes.

Specific Methods of fire Fighting: for small (incipient) fire flammable liquid fires. For large fires, fixed fire suppression system, such as a sprinkler system, should be capable of extinguishing a flammable liquid fire.

---

## **Section 6. Accidental Release Measures**

#### **Personal Precautions**

Face shield. Full suit. Vapor respirator. Be sure to use an approved/certified respirator or equivalent. Gloves. Boots.

#### **Environmental Precautions and Clean-up Methods**

Stop leak if without risk. Absorb with DRY earth, sand or other non-combustible material and place in closed containers for disposal. Do not get water inside container. Do not touch spilled material. Use water spray curtain to divert vapor drift. Prevent entry into sewers, basements or confined areas; dike if needed. Call for assistance on disposal. Neutralized the residue with a dilute solution of sodium carbonate. Finish cleaning by spreading water on the contaminated surface and allow to evacuate through the sanitary system.

#### **Small Spill and Leak**

Dilute with water and mop up or absorb with an inert dry material and place in an appropriate waste disposal container. Neutralized the residue with a dilute solution of sodium carbonate if necessary. Finish cleaning by spreading water on the contaminated surface and dispose of according to local and regional authority requirements.

---

## **Section 7. Handling and Storage**

#### **Handling**

Do not get in eyes, on skin, on clothing. Do not breathe vapor. Wash thoroughly after handling.

#### **Storage**

Keep container tightly closed. Keep container in a cool, well-ventilated area.

#### **Intended Use**

Refer to the instruction for proper and intended use. Otherwise, contact supplier for specific applications.

#### **Special requirements**

May develop pressure. Open carefully. Use original container.

---

## **Section 8. Exposure Controls/Personal Protection**

#### **Engineering Controls**

Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective occupational exposure limits. Safety shower and eye bath.

### General Hygiene Measures

Wash contaminated clothing before reuse. Discard contaminated shoes. Wash thoroughly after handling.

### Personal Protective Equipment

**Eyes** Splash goggles.

**Body** Lab coat.

**Hands** Gloves.

**Respiratory** Respirator is not needed under normal and intended conditions of use, if exposures are kept below established limits.

**Feet** Boots.

---

## Section 9. Physical and Chemical Properties

**Physical state:** Liquid.  
**Color:** Colorless.  
**Odor:** N/A.  
**Taste:** N/A.  
**pH:** Acidic.  
**Boiling Point:** N/A.  
**Freezing Point:** May start to solidify at 0°C (32°F) based on data for water.  
**Critical Temp:** N/A.  
**Vapor pressure:** N/A.  
**Vapor density:** N/A.  
**Evaporation Rate:** N/A.  
**Viscosity:** N/A.  
**Dispersion properties:** See solubility in water.  
**Solubility:** N/A.  
**Miscellaneous Data:** N/A.  
**Surface Tension:** N/A.

---

## Section 10. Stability and Reactivity

**Stability and reactivity:** Stable, under normal handling and storage conditions.

**Materials to avoid:** Strong oxidizing agents, Strong acids and organic materials.

**Hazardous polymerization:** Will not occur.

**Hazardous Decomposition Products:** No data available.

---

## Section 11. Toxicological Information

### Route of Exposure

Skin contact: Causes burns.

Skin Absorption: May be harmful if absorbed through the skin.

Eye contact: Causes burns.

Inhalation: may be harmful if inhales.

Ingestion: May be harmful if swallowed.

### Signs and Symptoms of Exposure

Material is extremely destructive to tissue of the mucous membranes and upper respiratory tract, eyes, and skin. Prolonged contact can cause severe irritation or even burns. Symptoms of exposure may include burning sensation, lung irritation, chest pain, oedema (which may be fatal), coughing, wheezing, laryngitis, shortness of breath, headache, nausea, and vomiting. Inhalation may result in spasm, inflammation and edema of the larynx and bronchi, chemical pneumonitis, and pulmonary edema.

---

## Section 12. Ecological Information

No Data Available.

---

## **Section 13. Disposal Considerations**

### **Substance disposal**

The generation of waste should be avoided or minimized wherever possible. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Contact a licensed professional waste disposal service to dispose of this material.

Disposal should be in accordance with applicable regional, national and local laws and regulations.

---

## **Section 14. Transport Information**

Contact the supplier for all information regarding the proper transportation method for this material.

---

## **Section 15. Regulatory Information**

### **EU directive classification**

Symbol of Danger: C

Indication of Danger: Corrosive.

R: 34-37

Risk Statements: Causes burns. Irritating to respiratory system.

S: 26-37/39-45

Safety Statements: In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Wear suitable protective clothing, gloves, and eye/face protection. In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible).

### **US Classification and Label Text**

Indication of Danger: Toxic.

Risk Statements: Toxic by inhalation. Causes burns. Irritating to respiratory system.

Safety Statements: In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible).

### **United States Regulatory information**

SARA Listed: No

TSCA Inventory Item: Yes

### **Canada regulatory Information**

WHMIS classification: This product has been classified in accordance with the hazard criteria of the CPR, and the MSDS contains all the information required by the CPR.

DSL: Yes

NDSL: No

---

## **Section 16. Regulatory Information**

### **Disclaimer**

For R&D use only. Not for drug, household or other uses.

### **Notice to reader**
